January 12, 2015

Honorable Mayor and Borough Assembly  
Aleutians East Borough  
King Cove, Alaska

Ladies and Gentlemen:

We have audited the financial statements of Aleutians East Borough as of June 30, 2014, and have issued our report thereon dated January 12, 2015. Under professional standards require that we provide you with the following information related to our audit.

**Our Responsibility under Generally Accepted Auditing Standards and Government Auditing Standards**

As communicated in our engagement letter dated August 6, 2014, our responsibility, as described by professional standards, is to plan and perform our audit to form and express an opinion(s) about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Aleutians East Borough solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our findings regarding significant control deficiencies over financial reporting and material noncompliance, and other matters noted during our audit in a separate letter to you dated January 12, 2015.

**Planned Scope and Timing of the Audit**

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Honorable Mayor and Borough Assembly  
Aleutians East Borough

### **Accounting Policies**

#### **Significant Accounting Policies**

The significant accounting policies used by the Borough are described in note 1 to the financial statements. There were no changes in accounting policies during the year. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2014. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

#### **Unusual Transactions**

We noted no transactions entered into by the Borough during the year ended that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

#### **Management Judgments and Accounting Estimates**

The preparation of the financial statements requires management of the Borough to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as the date of the financial statements and reported amounts of revenues and expenses during the period.

We reviewed management's estimate of the depreciable lives of furniture, equipment, and leasehold improvements determined that amounts recorded were reasonable in relation to the financial statements of the Borough taken as a whole.

#### **Audit Adjustments and Uncorrected Misstatements**

##### **Audit adjustments**

Proposed audit adjustments and uncorrected misstatements were immaterial to the financial statements. There were adjustments proposed by the auditor to true up accrued vacation, properly state accounts payable, and properly record investment in Southwest Governments, LLC. All other journal entries were proposed by the client during fieldwork.

##### **Disagreements with Management**

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Aleutians East Borough's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

##### **Representations Requested from Management**

We have requested certain written representations from management, which are included in the attached letter dated January 12, 2015.

##### **Consultation with Other Accountants**

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

##### **Difficulties Encountered in Performing the Audit**

We encountered no significant difficulties in dealing with management in performing our audit.

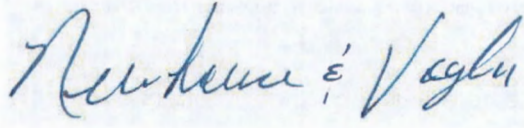

Honorable Mayor and Borough Assembly  
Aleutians East Borough

**Material Written Communication**

Copies of the Management Representation Letter have been provided to management.

\*\*\*\*\*

This information is presented solely for the use of the Assembly members and management and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in blue ink, reading "Andrew E. Vogler". The signature is written in a cursive style with a large initial 'A' and 'V'.

Independent Auditor's Report

Honorable Mayor and Borough Assembly  
The Aleutians East Borough  
King Cove, Alaska

Ladies and Gentlemen:

**Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Aleutians East Borough, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Aleutians East Borough's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Aleutians East Borough's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the discretely presented component unit of the Aleutians East Borough School District. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Aleutians East Borough School District is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Honorable Mayor and Borough Assembly  
The Aleutians East Borough

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinions, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Aleutians East Borough, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 12 and 19 through 21 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise The Aleutians East Borough's basic financial statements. The combining and individual non-major fund financial statements, and the Schedule of Expenditures of Federal Awards, as required by the Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, are presented for purposes of additional analysis and are not part of the basic financial statements. The accompanying schedule of State financial assistance is presented for purposes of additional analysis as required by *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* and is also not a required part of the financial statements.

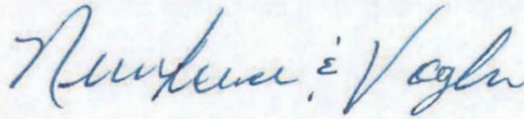

The combining and individual nonmajor fund financial statements, Schedule of Expenditures of Federal Awards, and the Schedule of Expenditures of State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Honorable Mayor and Borough Assembly  
The Aleutians East Borough

**Other Reporting Required by Government Auditing Standard**

In accordance with Government Auditing Standards, we have also issued our report dated January 12, 2015 on our consideration of Aleutians East Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Aleutians East Borough's internal control over financial reporting and compliance.

Anchorage, Alaska  
January 12, 2015

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Management's Discussion and Analysis*

*Year Ended June 30, 2014*

---

As the management of The Aleutians East Borough, we offer readers of The Aleutians East Borough's financial statements this narrative overview and analysis of the financial activities of The Aleutians East Borough for the fiscal year ended June 30, 2014. We encourage readers to read the information presented here in conjunction with additional information we have furnished in the Borough's financial statements which follow this narrative.

**FINANCIAL HIGHLIGHTS**

- Assets of The Aleutians East Borough exceeded liabilities at the close of the fiscal year by \$107,223,244 (net position).
- The Government's total net position increased by \$3,414,109, primarily due to government activity, capitalization of capital expenses in the government-wide financial statements and gain on investments.
- Governmental funds reported combined ending fund balances of \$59,252,536, an increase of \$4,138,672 in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$9,497,703, or 100 percent of total general fund expenditures for the fiscal year.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to The Aleutians East Borough's basic financial statements. The Borough's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Borough through use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of The Aleutians East Borough.

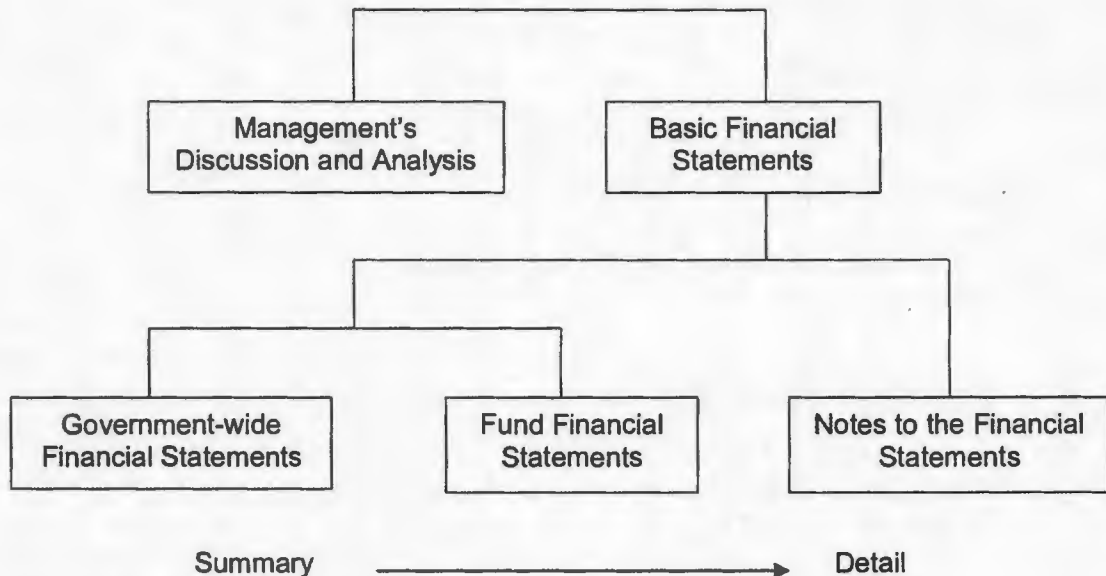

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Management's Discussion and Analysis, continued*

---

**OVERVIEW OF THE FINANCIAL STATEMENTS, continued**

Required Components of Annual Financial Report  
Figure 1

**Basic Financial Statements**

The first two statements (Exhibits A-1 and A-2) in the basic financial statements are government-wide financial statements. They provide both short- and long-term information about the Borough's financial status.

The next statements (Exhibits B-1 through B-5) are fund financial statements. These statements focus on activities of the individual parts of the Borough's government. These statements provide more detail than government-wide statements. There are two parts to fund financial statements: governmental funds statements and budgetary comparison statements.

The next section of the basic financial statements is notes. Notes to the financial statements explain in detail some of the data contained in those statements. After the notes, supplemental information is provided to show details about the Borough's individual funds. Budgetary information can also be found in this part of the statements.

**Government-wide Financial Statements**

Government-wide financial statements are designed to provide the reader with a broad overview of the Borough's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short- and long-term information about the Borough's financial status as a whole.

The two government-wide statements report the Borough's net position and how they have changed. Net position is the difference between the Borough's total assets and total liabilities. Measuring net position is one way to gauge the Borough's financial condition.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Management's Discussion and Analysis, continued*

---

**OVERVIEW OF THE FINANCIAL STATEMENTS, continued**

**Government-wide Financial Statements, continued**

Government-wide statements are divided into two categories: governmental activities and component units. Governmental activities include the Borough's basic services such as natural resource management, capital projects management, and general administration. State and federal grant funds finance most of these activities. The component unit includes the Aleutians East Borough School District. The District's activities include Instruction, Support Services, Student Transportation, and Food Services, among others. These activities are supported by local, State, and federal financial aid.

Government-wide financial statements are Exhibits A-1 and A-2 of this report.

**Fund Financial Statements**

Fund financial statements (see Figure 2) provide a more detailed look at the Borough's most significant activities. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. All funds of The Aleutians East Borough are included within one broad category: governmental funds.

King Cove, Alaska

*Management's Discussion and Analysis, continued*

---

**OVERVIEW OF THE FINANCIAL STATEMENTS, continued**

**Fund Financial Statements, continued**

Governmental Funds - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Borough's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out and what monies are left at year end that will be available for spending in the next year. Governmental funds are reported using an accounting method called modified accrual accounting which provides a short-term spending focus. As a result, governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Borough's programs. The relationship between government activities (reported in the statement of net position and statement of activities) and governmental funds is described in a reconciliation that is part of the fund financial statements.

The Aleutians East Borough adopts an annual budget for its general fund. The budget is a legally adopted document that incorporates input from the management of the Borough and decisions of the Assembly about which services to provide and how to pay for them. It also authorizes the Borough to obtain funds from identified sources to finance these current-period activities. The budgetary statement provided for the general fund demonstrates how well the Borough complied with the budget and whether or not the Borough succeeded in providing services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Assembly; 2) the final budget as amended by the Assembly; 3) actual resources, charges to appropriations, and ending balances in the general fund; and 4) the difference or variance between the final budget and actual resources and charges. To account for the difference between the budgetary basis of accounting and modified accrual basis, a reconciliation showing differences in reported activities is shown at the end of the budgetary statement.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of data provided in the government-wide and fund financial statements. Notes to the financial statements are on pages 26 through 40 of this report.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Management's Discussion and Analysis, continued*

---

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The government-wide financial statements for the fiscal year ended June 30, 2014, are the beginning of a new era in financial reporting for The Aleutians East Borough and many other units of government across the United States. Prior to this year, The Aleutians East Borough maintained its governmental and proprietary fund groups as two separate and very distinct types of accounting without any type of consolidated statement that accurately reflected operations and net position of the government as a whole. There was a total column that appeared on the financial statements, but it was a memorandum total only. No attempt was made to adjust statements in such a way that the total column would represent the overall financial condition of The Aleutians East Borough. These statements were basically the equivalent of fund financial statements that appear in this report with fiduciary funds and two account groups, long-term debt, and general fixed assets added in.

Changes in the financial statement reporting model are mandated by GASB. GASB 34 dictated the changes you see in The Aleutians East Borough's financial reports as well as those of many other units of government. While The Aleutians East Borough was required to implement these changes for the fiscal year ended June 30, 2004, other units were required to implement Statement 34 in 2002.

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. Assets of The Aleutians East Borough exceeded liabilities by \$107,223,244 as of June 30, 2014. The Borough's net position increased by \$3,414,109 for the fiscal year ended June 30, 2014. However, the largest portion reflects the Borough's investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure) less any related debt still outstanding that was issued to acquire those items. The Aleutians East Borough uses these capital assets to provide services; consequently, these assets are not available for future spending. Although The Aleutians East Borough's investment in its capital assets is reported net of any outstanding related debt, resources needed to repay that debt must be provided by other sources, since capital assets cannot be used to liquidate these liabilities.

**Governmental Activities**

Governmental activities increased the Borough's net position by \$6,328,520, thereby accounting for 100 percent of total increase in net position of The Aleutians East Borough (see Figure 3). Key elements of this increase are as follows:

- Capitalization of assets
- Principal payments on debt
- Investment revenues increased

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

Net position, end of year	<u>\$ 100,853,853</u>

**FINANCIAL ANALYSIS OF THE BOROUGH'S FUNDS**

As noted earlier, The Aleutians East Borough uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**

The focus of The Aleutians East Borough's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing The Aleutians East Borough's financing requirements. Specifically, the unassigned fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

Governmental funds are accounted for using the modified accrual basis of accounting. All governmental funds have total revenues of \$13,786,755 and expenditures of \$9,648,083. The net change in fund balances after transfers was an increase of \$4,138,672.

At June 30, 2014, governmental funds of The Aleutians East Borough reported a combined fund balance of \$59,252,536, an 8 percent increase over last year.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Management's Discussion and Analysis, continued*

---

**FINANCIAL ANALYSIS OF THE BOROUGH'S FUNDS, continued**

**Budgetary Highlights**

General fund budgets are prepared according to Alaska law and are based on a modified accrual basis of accounting. The most significant budgeted fund is the general fund.

Actual revenues in the general fund were \$997,185 more than anticipated. This variance was related primarily to the Borough raw fish taxes and other revenue in the general fund.

Actual expenditures in the general fund were \$14,060 more than anticipated. This variance was related primarily to the PERS on behalf expenses.

Actual revenues in capital improvements were \$1,011,067 less than anticipated. This variance was related primarily to the decrease in federal and state revenue within this fund.

Actual expenditures in capital improvements were \$895,265 less than anticipated. This variance was due to the decrease in activity within this fund.

Actual revenues in the trust fund were \$4,620,261 greater than anticipated. This variance was due to investments performing better than anticipated.

Actual expenditures in the trust fund were \$3,792 more than anticipated. This variance was due to an increase in investment management fees within this fund.

Actual expenditures in the debt service fund were \$1,004,618 greater than anticipated. This variance was due to the increase in principle and interest expense within this fund.

Actual revenues in the bond construction fund were \$4,902,259 less than anticipated. This variance was due to a decrease in other revenue.

Actual expenditures in the trust fund were \$2,640,191 less than anticipated. This variance was due to less capital outlays than expected.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

The Aleutians East Borough's investment in capital assets for its governmental and business-type activities as of June 30, 2014 totals \$86,845,901 (net of accumulated depreciation; see Figure 4). These assets include buildings, land, machinery and equipment, vehicles, and infrastructure.

Major capital asset transactions during the year include the following additions:

- Construction in process additions totaled \$2,321,020.
- Buildings and improvements additions totaled \$215,198.
- Furniture and equipment additions totaled \$602,624
- Vehicles and equipment additions totaled \$12,693.
- Total depreciation of \$2,415,995

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Governmental Funds*

*Reconciliation of the Statement of Revenues, Expenditures, and  
Changes in Fund Balance to the Statement of Activities*

*Year Ended June 30, 2014*

---

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - Total governmental funds \$ 4,138,672

Governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capitalized outlays of \$2,561,832 exceeded depreciation of \$1,616,239 in the current period 945,593

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This amount represent principal payments on long-term liabilities. 1,225,000

Governmental funds report compensated absences when taken; however, in the statement of activities, the cost of absences are expensed when earned. The amount of compensated absences earned and outstanding at the end of the year increased by this amount. 19,255

**Total changes in net position of governmental activities \$ 6,328,520**

See accompanying notes to financial statements.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

The Aleutians East Borough (Borough) was incorporated October 23, 1987, under the laws of the State of Alaska as a second-class borough. All significant activities with which the Borough exercises oversight responsibilities have been included in the Borough's general purpose financial statements.

The accompanying financial statements include all activities of The Aleutians East Borough and The Aleutians East Borough School District. The Borough Assembly, as the oversight authority, approves the total annual budget of the School District and also makes annual contributions to it. Based on financial interdependence, budget approval, responsibility for debt, and accountability and control of fiscal matters, The Aleutians East Borough School District is a component unit of The Aleutians East Borough. The Aleutians East Borough School District's audited financial statements may be obtained from The Aleutians East Borough School District.

No other entities exist over which the Borough has oversight responsibility.

**Component Unit**

The Aleutians East Borough School District is a component unit of The Aleutians East Borough. The School District was formed July 1, 1988, as a result of the formation of The Aleutians East Borough on the same date. The District was formed by incorporating King Cove City School District and Sand Point City School District. In addition, the following locations were added from Aleutian Region School District: Cold Bay, False Pass, Nelson Lagoon, and Akutan.

As the School District is organized as a government, its financial statements are prepared using accounting principles generally accepted in the United States of America as related to government organizations. As such, the financial statements are prepared using the current financial resources measurement focus and accrual method of accounting.

**Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and statement of activities) report information in all nonfiduciary activities of the Borough. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function or segment. Program revenues include grants and contributions that are restricted to meeting the operations or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental fund types. Major individual governmental funds are reported in separate columns in the fund financial statements.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Notes to Financial Statements, continued*

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

**Government-wide and Fund Financial Statements, continued**

The government-wide financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenditures are recorded when liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Net position should be reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. At June 30, 2014, the Borough had no restricted net position.

**Measurement Focus, Basis of Accounting, and Basis of Presentation**

The financial statements of the Borough are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Borough's reporting entity applies all relevant GASB pronouncements and applicable Financial Accounting Standards Assembly (FASB) pronouncements and Accounting Principles Assembly (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The Borough's reporting entity does not apply FASB pronouncements or APB opinions issued after November 30, 1989.

The government-wide statements report using the economic resources measurement focus and accrual basis of accounting includes reclassification or elimination of internal activity (between or within funds). Financial statements of Borough component units also report using this same focus and basis of accounting, although internal activity is not eliminated in these statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The governmental fund financial statements report used the current financial resources measurement focus and modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The Borough considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred.

Major revenue sources susceptible to accrual include intergovernmental revenues and investment income. In general, other revenues are recognized when cash is received.

When both restricted and unrestricted resources are available for use, it is the Borough's policy to use restricted resources first, then unrestricted resources as needed.

**Fund Types and Major Funds,**

Aleutians East Borough reports the following major funds:

- General Fund - Reports as the primary fund of the Borough. This fund is used to account for all financial resources not reported in other funds.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Notes to Financial Statements, continued*

---

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**  
**Fund Types and Major Funds, continued**

- Capital Projects - Accounts for all revenue received and expenditures made for the development and administration of capital projects.
- Trust Fund - Accounts for all revenue received and expenditures made for the development and administration of the trust fund.
- Debt Service - Accounts for all expenditures made for the retirement of and interest on debt.
- Bond Construction - Accounts for all expenditures made on projects funded by bond proceeds.
- Business-type activity - Hovercraft, Terminal, and Helicopter - Accounts for all activity for the operations of the hovercraft and helicopter.

**Assets, Liabilities, and Equity**

Deposits and Investments - The Borough's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposits, and short-term investments with original maturities of 3 months or less from the date of acquisition.

Receivables and Payables - All outstanding balances between funds are reported as "due to/from other funds." These balances represent the numerous transactions that occur during the course of operations between individual funds for goods provided or services rendered. The direct write-off method is used for estimated uncollectible accounts receivable.

Prepaid Items - Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets - The Borough's property, plant, equipment, and infrastructure with useful lives of more than 1 year are stated at historical cost and comprehensively reported in government-wide financial statements. The Borough maintains infrastructure asset records consistent with all other capital assets. Component unit capital assets are also reported in their respective fund and combining component unit financial statements. Donated assets are stated at fair value on the date donated. The Borough generally capitalizes assets with a cost of \$5,000 or more as purchase and construction outlays occur. Costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Capital assets, including those of component units, are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations.

Estimated useful lives in years for depreciable assets are as follows:

Buildings	25
Infrastructure	30
Furniture, Vehicles and equipment	3 to 7

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Notes to Financial Statements, continued*

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued**

Compensated Absences - It is the Borough's policy to permit employees to accumulate earned but unused annual leave. Compensated absences are reported as accrued in government-wide and component unit financial statements. Governmental funds report only matured compensated absences payable to currently terminated employees and are included in wages and benefits payable.

Unearned Revenue - Amounts for which asset recognition criteria have been met but for which revenue recognition criteria have not been met are recorded as deferred revenue.

Long-term Debt - In government-wide and component unit financial statements, outstanding debt is reported as liabilities. Governmental fund financial statements recognize proceeds of debt and premiums as other financing sources of the current period.

Fund Equity - In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources, they are either (a) not in spendable form - prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balances comprises the remaining four classifications: restricted, assigned, and unassigned.

*Committed fund balance* - These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the tribal council-the government's highest level of decision making authority. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

*Assigned fund balance* - This classification reflects the amounts constrained by the Borough's assembly members "intent" to be used for specific purposes, but are neither restricted nor committed.

*Unassigned fund balance* - This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the Borough's policy to use restricted resources first, then unrestricted resources as needed.

**Use of Estimates**

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Notes to Financial Statements, continued*

---

**NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**Budgetary Information**

The Borough Assembly is required to approve an annual budget before the start of the new fiscal year. Public hearings are conducted to obtain taxpayer comments. The budget is legally enacted through passage of an ordinance. Budgets are prepared and presented on the modified accrual basis of accounting. Any revisions to the budget must be approved by passage of an ordinance by the Assembly. The Borough Assembly authorizes formal budget revisions several times each year to adjust revenues and expenditures to available resources and program needs. The final revised and approved budget is presented in these financial statements.

Beginning in fiscal year 2003, the Borough is forward funding its general fund expenditures and reserving general fund balance to the extent of current-year general fund revenue except coastal management and LEPC grants.

**NOTE 3 - CASH AND INVESTMENTS**

The Borough's investment policy authorizes the Borough to invest in U.S. Treasury securities; obligations guaranteed by the U.S. government or its agencies or instrumentalities; repurchase agreements; certificates of deposit; bonds and notes which are issued by any state or political subdivision thereof which are graded "A" or higher by Moody's Investor's Service, Inc.; prime commercial paper graded "A1" or higher by Moody's Investor's Service, Inc.; banks and savings and loan associations to the extent that deposits are insured by Federal Depository Insurance Corporation or Federal Savings and Loan Insurance Corporation; obligations of corporations, provided the obligations are graded "Baa" or higher by Moody's Investor's Service Inc., or Standard and Poor's Corporation and issued in the United States and denominated in US dollars, not more than 15% of the fixed income portfolio may be held in Baa rated securities; The Alaska Municipal League Investment Pool, Inc.; and Income producing real estate investments. Additionally, the policy authorizes the Borough invest permanent fund assets to maintain safety of principle while maximizing the total return. Investments shall be diversified to minimize the risk of loss resulting from a concentration of investments in a specific maturity, issuer, class of security, financial institution, or with respect to equity investments, in a specific company, industry or investment sector. Fund assets may be invested in the instruments and securities set out in the following securities: Domestic Equities, which taken as a whole, attempt to replicate the Standard and Poor's 500 Index, including both mutual funds and exchange traded funds (ETF's); International Equities, which taken as a whole, attempt to replicate the Morgan Stanley Europe, Australiasia, Far East (EAFE) Index, including both mutual funds and exchange traded funds (ETF's); Equities, which take as a whole, attempt to replicate the universe of domestic real estate investment trusts as represented by the S&P REIT index or the Cohen and Steers Realty Majors Portfolio Index, including both mutual funds and exchange traded funds (ETF'S); and Domestic Equities, which taken as a whole, attempt to replicate the Standard and Poor's 400 Midcap Index, including both moth mutual funds and exchange traded funds (ETF's). The permanent fund may invest up to 35 percent of total invested permanent funds in common and preferred stock listed on a recognized exchange and a mutual fund designed to replicate the Standard and Poor's 500 Index. The permanent fund may also invest in international equities up to a maximum of 5 percent of the total permanent fund. Performance measurement for the Fixed Income Allocation will be measured against the Target weighting using the Lehman Intermediate Gov/Credit Index for the Benchmark.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Notes to Financial Statements, continued*

---

**NOTE 3 - CASH AND INVESTMENTS, continued**

The duration of the Fixed Income Allocation should be maintained between 80% and 120% of the duration of the Benchmark.

Statutes require that the Borough's deposits in excess of FDIC or FSLIC limits be collateralized by government securities. Cash resources for some of the various funds are maintained in a central treasury represented by a sweep checking account and certificate of deposit. Cash is swept and commingled with the School District's moneys within Borough accounts on a daily basis.

The Borough participates in the Alaska Municipal League Investment Pool (AMLIP). This investment pool consists of governmental investors within the State of Alaska. AMLIP does not carry its own institutional insurance or collateralization for funds it invests. The organizing document does state that certificates of deposit must be collateralized or covered by federal insurance by the issuing entity. The carrying amount and market value at June 30, 2014, was \$50,794.

Cash and investment balances are as follows:

	<u>Bank Balance</u>	<u>Book Balance</u>
Cash and cash equivalents	\$ 6,192,702	5,314,466
Investments, at fair market value	<u>46,784,123</u>	<u>46,784,123</u>
	<u>\$ 52,976,825</u>	<u>52,098,589</u>

<b>Enterprise funds:</b>				
Hovercraft	\$ 10,910,495	492,147	-	11,402,642
Terminal	7,403,571	-	-	7,403,571
Helicopter	-	97,556	-	97,556
	18,314,066	589,703	-	18,903,769
Less accumulated depreciation	(3,297,836)	(799,756)	-	(4,097,592)
<i>Total capital assets - enterprise funds:</i>	<u>\$ 15,016,230</u>	<u>(210,053)</u>	<u>-</u>	<u>14,806,177</u>

Depreciation expense of \$1,616,239 was charged to the general fund, depreciation expense of \$799,756 was charged to the enterprise funds, and was allocated to the hovercraft, terminal, and helicopter in the amount of \$540,355, \$252,897, and \$6,504 respectively.

Construction in progress is stated at cost, which includes the cost of construction and other direct costs attributable to the construction. No provision for depreciation is made on construction in progress until such time as the relevant assets are completed and put into use. Construction in progress at June 30, 2014, represents infrastructure not yet placed in service.

**NOTE 7 - EXCESS OF EXPENDITURES OVER APPROPRIATIONS**

Excess of expenditures over appropriations in individual funds for the current year were:

	<u>Budget</u>	<u>Actual Expenditures</u>	<u>Over Budget</u>
General fund	\$ 3,894,426	3,908,486	(14,060)
Debt service	1,597,433	2,602,051	(1,004,618)
Trust fund	35,000	38,792	(3,792)
	<u>\$ 1,632,433</u>	<u>2,640,843</u>	<u>(1,008,410)</u>

**NOTE 8 - DEFINED-BENEFIT PENSION PLANS**

All non-certified permanent employees working over 30 hours per week participate in the Alaska Public Employees Retirement System (PERS).

**Alaska Public Employees Retirement System (PERS)**

Plan Description: The plan is a joint-contributor agent, multiple-employer PERS plan created by State of Alaska statutes effective January 1, 1961. Any municipality or other political subdivision of the State may request to become an employer in this system. Benefit and contribution provisions are established by State law and may be amended only by State legislature.

Pension Benefits: The Aleutians East Borough participates in the Public Employees Retirement System (PERS), a retirement plan that provides pension, postemployment health care, death and disability benefits to eligible participants. The PERS is administered by the State of Alaska Division of Retirement and Benefits.

Employees hired prior to July 1, 2006 and employees hired after July 1, 2006 who have PERS enrollment from prior employment, participate in the PERS Tiers I-III, a defined benefit retirement system. Employees hired after July 1, 2006 who have no prior PERS participating employment participate in PERS Tier IV, a defined contribution plan with a component of defined benefit postemployment health care. Benefits and contribution provisions are established by State law and may be amended only by the State Legislature.

Each fiscal year the PERS issues publicly available financial reports that include financial statements and required supplementary information. These reports are available from: Department of Administration, Division of Retirement and Benefits, PO Box 110203, Juneau, AK 99811.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Notes to Financial Statements, continued*

---

**NOTE 8 - DEFINED-BENEFIT PENSION PLANS, continued**

Conversion to Cost Sharing: In 2008 the Alaska Legislature passed Senate Bill (SB) 125 which converted the PERS from an agent-multiple employer plan to a cost-sharing plan with an effective date of July 1, 2008. Under the cost sharing arrangement the State of Alaska Division of Retirement and Benefits no longer tracks individual employer assets and liabilities. Rather, all plan costs and past service liabilities are shared among all participating employers. The cost sharing plan requires a uniform employer contribution rate of 22% of active member wages, subject to a wage floor. State legislation currently provides that the State of Alaska will contribute any amount over 22% such that the total contribution equals the Alaska Retirement Management Board adopted rate. This rate will be consistent with the actuarially determined rate. Any such additional contributions are recognized by each employer as an on-behalf payment.

In fiscal year 2008 the State of Alaska also passed SB 123 which requires the employer contribution be calculated on all PERS eligible wages, including wages attributable to the defined contribution plan.

As a result of the conversion to a cost-sharing plan, AEB will not be obligated to pay or to continue amortizing any prior recorded Net Pension/Obligation Post Employment Benefit (Net Pension/OPEB) obligation.

The PERS contribution rates for 2014 were determined as part of the June 30, 2013 actuarial valuations as follows:

Pers Rates - 2014	Contractual Rate	ARM Board Adoption Rate	GASB 45 Rate**
Pension	10.64%	18.38%	Unavailable
Postemployment Health Care	11.36%	17.30%	Unavailable
Total Contribution Rate	22.00%	35.68%	Unavailable

\*\* this rate uses a 4.5% OPEB discount rate and disregards future Medicare Part D payments.

The projection of future benefits for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Notes to Financial Statements, continued*

**NOTE 8 - DEFINED-BENEFIT PENSION PLANS, continued**

Projections of benefits are based on the substantive plan (the plan is understood by the employer and the plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between AEB and the plan members at that point. Actuarial calculations reflect a long term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial values of assets. The significant actuarial information and assumptions used in the most recent valuation plan follow:

Valuation Date	June 30, 2013
Actuarial Cost Method	Entry age normal Level percentage of pay for pension Level dollar for healthcare
Amortization Method	Level dollar, closed
Equivalent Single Amortization Period	17 years
Asset Valuation Method	5-year smoothed fair value
Salary Scale	Productivity - 0.5% per year Peace officer/firefighter: Merit - 6.36% per year for the first 4 years of employment, grading down to 4.12% at 7 years and thereafter. Others: Merit - 9.60% per year grading down to 5.61% after 5 years; for more than 6 years of service, age-based
Payroll Growth	3.62% per year.
Inflation	3.12% annually.

Projected benefits for financial reporting purposes do not incorporate any potential effect of legal or contractual funding limitations.

Annual Pension and Post employment Healthcare Cost: AEB is required to contribute 22% of covered payroll, subject to a wage floor. In addition, the State of Alaska contributes the difference between the rates established by the Alaska Retirement Management Board (ARMB) and the employer mandated rates. The state of Alaska contributed approximately 13% of covered payroll to the retirement plan in State FY2014.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Notes to Financial Statements, continued*

**NOTE 8 - DEFINED-BENEFIT PENSION PLANS, continued**

In accordance with the provisions of GASB Statement Number 24, AEB has recorded the State contribution in the amount of \$113,761 as a PERS on-behalf payment for the year ended June 30, 2014. However, because AEB is not statutorily obligated for these payments, this amount is excluded from pension and the Obligation Post Employee Benefit as described below.

Period	Annual Pension Cost	Annual OPEB Cost	Total Benefit Cost (TBC)	Contributions	% of TBC Contributed
7/1/13-6/30/14	\$ 300,332	-	300,332	300,332	100%

Employees first enrolling into PERS after July 1, 2006 participate in PERS Tier IV. PERS Tier IV is a defined contribution retirement plan that includes a component of defined benefit post-employment health care. The plan required both employer and employee contributions. Contribution rates are as follows:

Pers Tier IV Contribution Rates:	7/1/13-6/30/14
Employee Contribution	8.00%
Employer Contribution	
Retirement	5.00%
Health Reimbursement Arrangement*	16.32%
Retiree Medical Plan	0.48%
Death & Disability Benefit	0.20%
Total Employer Contribution	22.00%

\*Health Reimbursement Arrangement – AS 39.30.370 requires that the employer contribute “an amount equal to three percent to the employers average annual employee compensation.” For actual remittance this amount was calculated at a flat rate of \$72.95 per full time employee per pay period for full time employees and \$1.22 per hour worked for each part time employee.

Under the newly adopted cost sharing arrangement for the PERS defined benefit plan the state statute employer contribution rate of 22% includes Tier IV employees. In addition to the amounts above AEB contributed \$8,949 on Tier IV employee payroll for the year ended June 30, 2014. This contribution is comprised of \$8,165 for retirement and retiree medical and disability, and \$784 for Health Reimbursement Arrangement on-behalf of its employees.

All amounts paid on behalf of employees are applied to the obligation of the PERS defined benefit plan and is included in the contribution AEB recorded in the defined benefit cost-sharing plan. Employee contribution to the plan totaled \$54,758.

**NOTE 9 - DEFERRED COMPENSATION PLAN**

The Borough offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or an unforeseeable emergency.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Notes to Financial Statements, continued*

---

**NOTE 9 - DEFERRED COMPENSATION PLAN, continued**

All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights (until paid or made available to the employee or other beneficiary) are solely the property and rights of the Borough (without being restricted to provisions of benefits under the plan), subject only to claims of the Borough's general creditors. Participants' rights under the plan are equal to those of general creditors of the Borough in the amount equal to fair market value of the deferred account for each participant.

The Borough has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The Borough believes it is unlikely it will use the assets to satisfy claims of general creditors in the future. Assets of the fund totaled \$670,971 at June 30, 2014, and are accounted for in the deferred compensation agency fund.

**NOTE 10 - THE ALEUTIANS EAST BOROUGH SCHOOL DISTRICT CONTRIBUTION**

During the year ended June 30, 2014, the Borough contributed \$1,150,000 to the Aleutians East Borough School District, which is a component unit of the Borough.

**NOTE 11 - COMMITMENTS AND CONTINGENCIES**

**Grants**

The Aleutians East Borough participates in a number of federal- and State-assisted grant programs. These programs are subject to program compliance audits by grantors or their representatives. The amount, if any, of expenditures that may be disallowed by granting agencies cannot be determined at this time, although the Borough expects such amounts, if any, to be immaterial.

**NOTE 12 - SUBSEQUENT EVENTS**

Subsequent to year end and prior to the issuance of the financial statements, the Borough has received an offer to purchase the Hovercraft. The offer is for \$4,500,000, which would result in approximately a \$4,194,854 loss on sale. The probability that the Board will accept the offer is unknown as of the date of issuance.

In preparing these financial statements, the Borough has evaluated all other events and transactions for potential recognition or disclosure through January 12, 2015, the date the financial statements were issued and has concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

**NOTE 13 - INVESTMENT IN SOUTHWEST GOVERNMENTS, LLC**

The Borough has an interest in Southwest Governments, LLC. The partnership was formed by the City of Akutan (40%), the City of Sand Point (20%), the City of King cove (10%), and the Borough (30%). The Borough leases office space from the partnership, total payments for the year were \$111,285. The balance of the Borough's ownership at June 30, 2014 was \$407,286.

**THE ALEUTIANS EAST BOROUGH**  
King Cove, Alaska

*Notes to Financial Statements, continued*

---

**NOTE 14 – SUBSEQUENT ACCOUNTING PRONOUNCEMENTS**

The Governmental Accounting Standards Board has passed several new accounting standards with upcoming implementation dates. Management has not fully evaluated the potential effects of these statements, but believes that GASB Statement 68 will result in the biggest reporting change. Actual impacts have not yet been determined:

GASB 67 – Financial Reporting for Pension Plans – Effective for fiscal years beginning after June 15, 2013 – This statement amends GASB statement no. 25 on the topic of financial reporting by state and local governmental pension plans.

GASB 68 – Accounting and financial Reporting for Pensions – Effective for fiscal years beginning after June 15, 2014 – This statement amends GASB statement no. 27 on the topics of Net Pension Liability and Pension Expense.

GASB 69 – Government Combinations and Disposals of Government Operations – Effective for fiscal years beginning after December 15, 2013 – This statement contains certain disclosures to be made about government combinations and disposals of government operations to enable financial statement users to evaluate the nature and effects of these transactions.

GASB 70- Accounting and Financial Reporting for Nonexchange Financial Guarantees – Effective for fiscal years beginning after June 15, 2013 – This statement contains reporting requirements when a government financially guarantees the obligations of another government, non-profit, or private entity without receiving equal value in exchange.

**NOTE 15 – HOVERCRAFT OPERATIONS**

During 2014, the hovercraft ceased operations, and is currently insured and parked in the hangar at Akutan. The Borough has no plans to continue Hovercraft operations in the future, and has entered into a contract with Kvichak Marine as an agent to sell the hovercraft to an outside party.

**NOTE 16 – HELICOPTER OPERATIONS**

During 2014, the Borough entered into a contract with Maritime Helicopters to transport people and mail from Akutan Airport to the City of Akutan. The contract is in effect through November 2014, with an option to renew for two years.

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

Honorable Mayor and Borough Assembly  
The Aleutians East Borough  
King Cove, Alaska

Ladies and Gentlemen:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Aleutians East Borough as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Aleutians East Borough's basic financial statements, and have issued our report thereon dated January 12, 2015.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Aleutians East Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Aleutians East Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of Aleutians East Borough's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Honorable Mayor and Borough Assembly  
The Aleutians East Borough

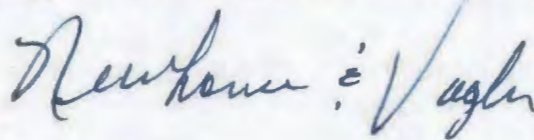

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Aleutians East Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance as Required by OMB Circular A-133

Independent Auditor's Report

Honorable Mayor and Borough Assembly  
The Aleutians East Borough  
Anchorage, Alaska

Ladies and Gentlemen:

**Report on Compliance for Each Major Federal Program**

We have audited Aleutians East Borough's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Aleutians East Borough's major federal programs for the year ended June 30, 2014. The Aleutians East Borough's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the Aleutians East Borough's major federal programs based on our audit of the type of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Aleutians East Borough's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our compliance audit provides a reasonable basis for our opinion. However, our audit does not provide a legal determination on the Aleutians East Borough's compliance.

**Opinion on each Major Federal Program**

In our opinion, the Aleutians East Borough complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2014.

Honorable Mayor and Borough Assembly  
The Aleutians East Borough

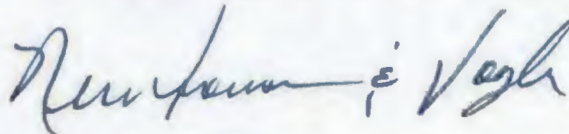

### **Report on Internal Control over Compliance**

Management of The Aleutians East Borough is responsible for establishing and maintaining effective internal control over compliance with the types of compliance referred to above. In planning and performing our audit of compliance, we considered The Aleutians East Borough's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of The Aleutians East Borough's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major State Program and Report on Internal Control over Compliance Required by the State of Alaska Audit Guide and Compliance Supplement for State Single Audits

Honorable Mayor and Borough Assembly  
The Aleutians East Borough  
King Cove, Alaska

Ladies and Gentlemen:

**Report on Compliance for Each Major State Program**

We have audited Aleutians East Borough's compliance with the types of compliance requirements described in the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* that could have a direct and material effect on each of Aleutians East Borough's major state programs for the year ended June 30, 2014. Aleutians East Borough's major state programs are identified in the accompanying schedule of state financial assistance.

**Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Aleutians East Borough's major state programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Those standards and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Aleutians East Borough's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However our audit does not provide a legal determination of Aleutians East Borough's compliance.

**Opinion on Each Major State Program**

In our opinion, Aleutians East Borough complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2014.

Honorable Mayor and Borough Assembly  
The Aleutians East Borough

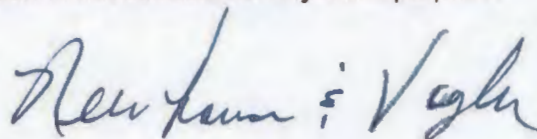

### **Report on Internal Control over Compliance**

Management of Aleutians East Borough is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Aleutians East Borough's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Aleutians East Borough's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Accordingly, this report is not suitable for any other purpose.
